Creation in Seven Movements

01 SEE THE STRUCTURE

Identify the people, places, sequence, relationships, and turning points that shape this subject.

02 RETURN TO THE TEXT

Read Genesis 1-2, Psalm 78:1-7, 2 Timothy 3:16-17. Mark what the passage says before moving into explanation or application.

03 STUDY QUESTIONS

What is happening? Who is speaking or acting? What changes? What is repeated? What does the surrounding passage clarify?

04 TEACHING MOVE

State one truth plainly, show its location in the text, illustrate the relationship visually, and invite a specific response.

05 SERMON TOOLKIT BRIDGE

Carry the governing passage, central claim, audience need, and application into The Sermon Toolkit for structured development.
