FAITH FOR THE LIFE WE LIVE

A page for the life you are living.

The complete reading and price guide

Books by Kavonte Jones Sr.

100 complete practical short books. 100 separately written booklets. 100 twelve-exercise workbooks. 50 two-book libraries. Ten coloring collections and ten free study-template sets. Choose the subject and depth that meet you today.

Explore the collection online

Digital editions · USD personal/household prices · October 30, 2026

Choose without buying twice.

The complete topic kit · $14.99

A ten-chapter illustrated short book in PDF and reflowable EPUB, its separately written booklet in both formats, its twelve-exercise practice workbook, one original coloring-page PDF and an eight-page study-template PDF. The booklet and workbook are already included.

The shorter booklet · $4.99

A separately written six-section publication with a seven-step practical plan. PDF and reflowable EPUB are included, along with the relevant template set.

The practice workbook · $5.99

Twelve distinct exercises, worked examples, specific questions and room to write. A printable PDF with its template set. Choose it separately when you want practice pages rather than the full kit.

A two-book library · $24.99

Two complete $14.99 topic kits, with all their listed companions. The same two kits cost $29.98 separately, so the personal/household library saves $4.99. If you own one kit, compare buying only the other book.

Color and reflect · $4.99

A shelf collection of ten original coloring illustrations, optional reflections and a quiet starting guide. These same ten illustrations are already included one per corresponding complete book kit. Choose the collection when you want the gathered PDF, and compare the files you already own.

Original study templates · Free

Ten eight-page PDFs can be printed as supplied or imported into your own Canva account for editing. No book purchase, site account, email or paid Canva plan is required.

Find the shelf that meets this season.

Each title below links to its own reading path. That page explains the concern, opens free surrounding KJV chapters, compares the individual formats and links any library that includes the book. There is no required order, reading streak or obligation to share.

Community, Care and Belonging · eight free pages

A journey you can choose.

The books are original Christian reflections and practical companions. They address adult life; they are not children’s counseling programs. Scripture reading references, interpretation and fictional contemporary examples remain distinct. Prayers, exercises, contact and sharing are voluntary. You may disagree, pause or keep your reflections private.

Text and illustrations were developed with AI-assisted production. Illustrations center the ordinary dignity of Black lives and are contemporary conceptual art. They do not claim to be recovered biblical portraits or images of the author. Qualified health, mental-health, legal and financial support can work alongside spiritual reflection.

Each paid listing shows the actual PDF page count, formats, price, companions and use licenses before checkout. PDFs are for reading and printing; EPUBs reflow in compatible reading apps. Extract a purchased ZIP to reach its files. No physical book, ISBN, subscription, paid reader app, Canva membership or public resale rights are included.
